

Recognition

In 2008, we created the Seyfarth Shaw Pro Bono Award for the Associate, Partner, Team and Office of the Year to recognize people who make outstanding contributions to the pro bono program. In 2010, we added an award for Staff Member of the year to recognize the outstanding support a staff member provides to a pro bono project or matter. Each winner receives an award and a \$1,000 donation that they may direct to the legal aid organization of their choice.

We have been fortunate to receive several honors in recent years for our pro bono work. Some examples include:
