

Government Contracts

Guiding you through the complexity of government contracts to seize opportunities, navigate compliance, and resolve disputes.

Seyfarth's Government Contracts practice provides a deep bench of seasoned practitioners with a wide range of government, industry, and private practice experience. We assist government contractors of all sizes in navigating the complexities of doing business with the government, from day-to-day compliance matters to large-scale internal investigations, bid protests, and disputes in federal and state courts.

3X Law360 Practice Group of the Year

Selected by Law360 as 2023, 2024, and 2025 Government Contracts Practice Group of the Year for achieving biggest wins in the most important government contract cases.

Overseas territories and countries covered by US federal contracts for which we have recently litigated protests or claims.

20+

Value of bid protests our team typically handles annually.

\$5B+

6TH

Authored *The Government Contract Compliance Handbook*, now in its 6th edition, a leading industry treatise presenting practical information for government contractors on compliance obligations.

Ranked as an "Elite" law firm for Government Contracts Nationwide by Chambers USA: Seyfarth's GovCon "team shows considerable strength in advising clients on the full range of contract-related matters" and "has an excellent track record in handling complex bid protest matters before the GAO."

Client Testimonials

“The Seyfarth government contracts team **truly lives government contracts**. Every member of the team we’ve interacted with spends their free time reading up on new developments and participating in forums, sharing their wealth of knowledge. The **deep bench** of experience and knowledge makes it easy for them to hit the ground running on virtually any government contracts issue.”

“Seyfarth Shaw has an **extremely well-rounded** team with resources throughout the firm. Their key strength to us as an organization is their ability to make connections and be problem solvers.”

“Seyfarth Shaw consistently provides **practical guidance** based on their keen understanding of commercial realities and trends.”

“Seyfarth has a particularly strong government contracts practice because its team blends a **high degree of expertise** in this area with best-in-class trial skills. Seyfarth is highly attuned to client needs and concerns and takes a **collaborative** approach to the development and execution of case strategy. The team is very receptive to feedback, approaches trial preparation with impressive dedication and **attention to detail**, and achieves great results.”

“Our experience with Seyfarth Shaw has been **refreshing and positive**. Seyfarth Shaw Team has proven to be customer driven and been able to provide quality legal services with reasonable fees.”

“Always knowledgeable, **timely and creative** in their approach to providing skilled advocacy.”

Seyfarth’s GovCon partners “are all **masters of their craft** when it comes to government contracting. What sets them apart is their knowledge of how different businesses approach government contracting, whether they are traditional defense contractors or commercial companies who bring off-the-shelf products to the government marketplace.”
